Dear Mr. Doud and Sponsors,

I hope and pray that you are fine and that the Lord is blessing you.

I would like to let you know that I am grateful for everything you have done for me and my fellow pastors. Without you, I would not have known the truth; I would not have known the correct doctrine of the Bible. Grace Notes lessons are very educative.

The pastors and pupils who learn these lessons are thankful and they have told me to express their appreciation to you. When it was almost impossible to start both the pupils and pastors classes, you came in and provided start up funds. We will remain grateful. Pupils will also remain grateful.

I would like to ask you to continue supporting others who need help especially in areas where they have not opened classes. We would like to ask for Bibles also.

Yours sincerely
~~B. N.~~
