Dear Sir,

I write this letter with tears of joy from my eyes because of what Grace Notes have done in my life. I have been trying to apply for the registration of our church for the past 7 years but I have failed because no member in our church had a certificate or diploma in theology. We have been operating in the name of another church to avoid being cited for unlawful assembly. But having received certificates from Grace Notes, my church is now fully registered.

Another milestone achievement is my ordination as pastor of the church. Despite serving the church for many years, the church did not ordain me because I was failing the interviews due to lack of understanding of the Biblical Doctrine. Grace Notes courses have given me a better understanding of the Bible and its doctrine such that when I went for interviews I passed and consequently got ordained as pastor. In addition to this, my church has a better understanding of the Bible though most of them have no Bibles.

Yours faithfully,
