To Warren Doud,

Grace Notes

USA

My name is Pastor Kaluba John, pastor for Mt. Sinai Ministries in Shiwangandu District. I greet you in the name of our Lord Jesus Christ. I am married to Monica and we have the following children: Kabanda, Charity, Bernard and Francis.

I have completed Doctrine 200 and I have received certificates for the courses I have completed so far. My instructor is Pastor Mulopa.

I would like to state that I have greatly benefited from Grace Notes courses. The courses have changed the way I preach because I am able to preach expository sermon as well as verse by verse preaching. I had challenges in having preaching materials but now I have a library full of Grace Notes materials. I use these materials for preaching and teaching in church.

The courses have also helped my understanding of the biblical doctrine. This has helped my church to understand the doctrine of the Bible well.

The challenge we have in our church is lack of Bibles. We ask for your prayers in this area.

Yours in Christ,

Kaluba John
