Dear Warren Doud

I Write this letter with much joy in my heart knowing that I am writing it to my mentor and spiritual father. Warren, you may not realize what you have done for the Church and I through Grace Notes Ministry. The Church is not the same because of the material you send to us through the Man of God even

Pastor. G. Nsofwa. He has been
a blessing to us. You have
changed us, Warren. The
Material is wonderful, I use
it for preaching and teaching.

I am a product of Grace
Notes and I will never
forget about you. My wife
is Florence Mantumwenu.
We have 3 children, Faith,
Judy and Maybin.

Yours faithfully

Bonus.
