Dear Mr. Warren Doud,

It is my sincere hope that you are fine and that the Lord is undertaking.

My name is Pastor Moyo Brian, pastor for Trinity Baptist Church in Kasama. I am married to Monica and we have four (4) children together; their names are: Florence, Justin, Evelyn and Charles.

I am a Grace Notes student under the able leadership of Rev. Patrick Mulenga. I have just completed Doctrine 200 after receiving certificate for Foundations 100.

I have greatly benefited from Grace Notes courses in that I am able to teach and preach verse by verse, which I didn't know before I enrolled for Grace Notes. Expository courses such as Ruth, Titus etc. have helped know how to preach expository sermons. Doctrinal courses such as Doctrine 100 etc. have helped me build my biblical doctrine while historical courses such as History 100 have helped me understand the biblical history. The foundation courses have helped me understand what the Bible is.

The benefit of the courses to the church is that the church is being built up biblically unlikely in the past when they were being deceived by wrong teachings. The church is growing numerically and spiritually. Because they appreciate the teaching, the church has started giving me a monthly allowance of \$200. I really appreciate because though it is small, it is able to meet some of my needs as a family man.

Lastly, I would like to commend you sir for the wonderful work you are doing of training and equipping men and women for ministry. Many pastors and men of God are not trained due to lack of funds to go to Bible Colleges and Seminaries. Grace Notes courses are helping and building many churches. Many people were blind spiritually but now they can see. Many pastors had no tools for ministry now they have tools through Grace Notes. I had no sermon ideas as a pastor but now I have a lot of sermon ideas through Grace Notes. Sir, you are really helping people and if many people were as gracious and generous as you are, Zambia was going to transform. May the Lord God bless you richly.

I would like to make an appeal to you sir. If you have some second hand Bibles, I am asking if you can send them to us, our members have no Bibles. I thank you most sincerely.

Yours faithfully,

Moyo Brian
